NATURAL

Shadows of brown, green and neutral, inspired by nature, are perfect for footwear to put on both in spring and in summer days.

These colours evoke a sustainable mindset and comply with workwear and casual lifestyles.

Finally, vegetable-tan leather reflects an eco-friendly and ethical way of life.
Summer wakes people’s joy and it’s the celebration of colours.

That’s why, we offer a wide range of playful, extravagant, cool and strong palettes.

Lot of people, of all ages and gender, look for multicolour, sunny and amazing shoes.
Comfortable, versatile, wonderful thanks to gold, silver or metallic embellishments: sneakers can be worn to practice sport, in daily activities, on holiday, and so on.

Style trend tells they’re moving from performance into a more fashion footwear.
